

Dear CPA Canada Member,

Exclusive CPA Canada Member Benefits Offer

(Effective May 7th, 2026)

Intelligent AI-Commerce Optimization and Guaranteed Lowest Payment Processing Rates

In today's competitive business environment, managing costs while maximizing revenue is essential. To support your success, we are pleased to present **an exclusive, high-value opportunity** through the CPA Canada Member Benefit Program.

VCC Integrated Intelligence is proud to offer CPA Canada members a premium payment processing solution designed to **reduce expenses, enhance operational efficiency, and drive measurable growth**. Backed by advanced technology and deep integration expertise, this offering is built to deliver superior financial performance for your organization.

Guaranteed Value Proposition

We stand firmly behind our commitment to deliver the most competitive rates in the market. If we cannot beat your current payment processing rates, you will receive a **\$1,000 Mastercard prepaid gift card**—a testament to our confidence and accountability.

Simply submit your two most recent processing statements and let VCC team will provide:

- A **no cost, no obligation** analysis of current payment processing costs across all channels.
- A comprehensive needs assessment analysis to ensure the **maximum ROI**.
- A **cost-savings guarantee** that, in most cases, results in recurring monthly savings.

Exclusive Promotional Benefits

As a CPA Canada member, you will gain access to three powerful solutions and advantages:

1. Intelligent AI-Powered Commerce Optimization Platform

Leveraging cutting-edge artificial intelligence, VCC Integrated Intelligence transforms fragmented commerce systems into a unified, intelligent revenue ecosystem – **Turn customer intent into revenue in real time** by transforming customers interactions into transactions and generate revenue opportunities. This platform is engineered to **increase conversion** rates and **customer satisfaction** while **reducing processing costs**.

2. Advanced Integration Expertise

Our experienced technical team ensures seamless integration with your existing systems, **minimizing disruption and maximizing efficiency**. Whether you operate in retail, e-commerce, or professional services, our tailored approach ensures a **frictionless transition** and scalable performance.

3. VCC Gateway – Powered by Mastercard

Access a secure, reliable, and high-performance international payment infrastructure supported by Mastercard technology. This solution provides **enhanced security, faster processing, and robust reporting** capabilities—empowering you with **greater control** and **insight** over your transactions.

CONFIDENTIAL

Delivering Measurable Impact

Our comprehensive solution is designed to:

- **Reduce** payment processing **costs**
- **Increase sales** through optimized transaction flows
- **Improve** operational **efficiency**
- **Maximize return** on investment

This Member Benefits program is more than savings on payment solution — it is a **strategic advantage** tailored specifically for CPA professionals and your organizations.

We invite you to take advantage of this **exclusive member offer** and discover how VCC Integrated Intelligence can transform your payment processing into a **driver of growth and profitability**. We look forward to becoming your partner in smarter commerce and payment needs.

To learn more or request a personalized rate comparison, please **visit** our website www.visiblecommerce.net and **contact us** at sales@visiblecommerce.net today.

Sincerely,

VCC Integrated Intelligence Team

Empowering smarter commerce. Fostering higher growth. Driving better outcomes.
